

# CHICAGO DRAMATISTS

The Center for New Play Development

The Grafting Project is designed to partner with theatre companies to produce Resident Playwrights' world-premiere plays. Selected companies will receive five weeks of free rental space, shared marketing efforts, and – whenever possible – additional development time of the Resident's play in the form of readings or workshops. Please submit all files (preferably in .pdf) in one email to [mbeals@chicagodramatists.org](mailto:mbeals@chicagodramatists.org) by October 31, 2016.
